Elevate3in1 Mission Statement:

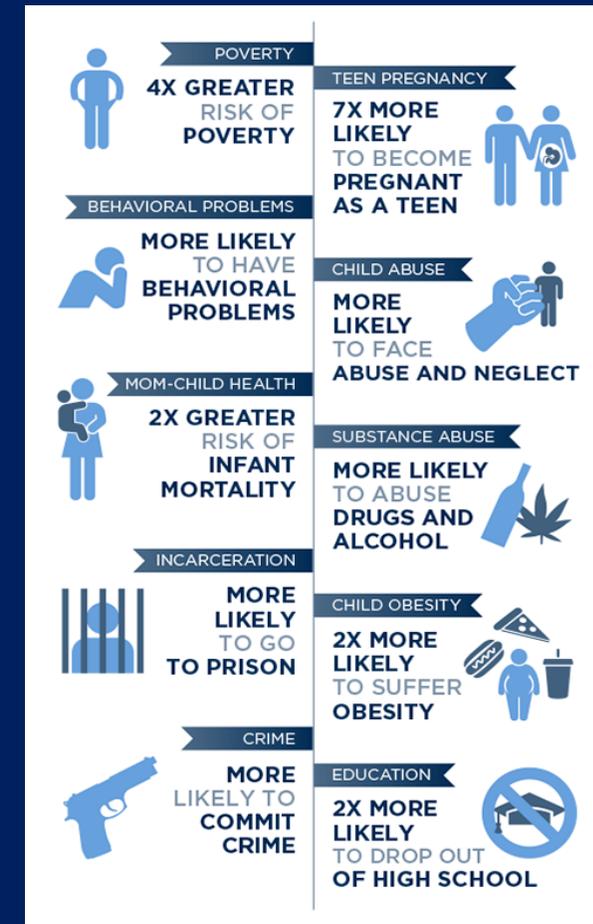

Supporting fatherless children and young adults to actualize their dreams and realize their purpose in life

Elevate 3in1 seeks to support Colorado's fatherless youth, ages 5- 20, through mentorship, financial assistance and scholarship programs, enabling each recipient to actualize their potential in areas of Fine Arts, Academics, Athletics, Vocational/Technology, and/or their individual strengths and gifting. Elevate3in1 provides educational, activity and identity-formation opportunities toward that end.

Strategic Plan: Fundraising With Purpose

- Funds are distributed to an organization/institution on the recipient's behalf based on the actual costs associated with the event or activity, with the definitive goal that each recipient excel in an area of gifting or talent, realizing dreams they would not otherwise have the resources to explore and pursue. E3in1 interviews and vets all youth who apply, but desire to assist boys and girls who possess and demonstrate a true "grit", tenacious and hard working. Our fully accomplished mission would see all recipients excelling in their area of interest, and then returning to their community in some capacity to pass their success forward within that community.

Facilities = Expanded Opportunities

The larger the organization, the greater the need for support and space. Elevate3in1 is seeking financial support to purchase a "home base" for outreach, activities, Instruction, mentorship and training. At present, a wonderful property has been selected that houses all the amenities necessary for E3in1 to carry out its daily responsibilities, provide for mentoring and identity program administrator training, offer equestrian activities and equine therapy, water sports, fishing, outdoor activities, cooking classes, indoor activities, back country excursions, and host recipient-centric gatherings. The cost structure and strategic initiative will be introduced in the business plan below.

Community of Support

- We ask You to join E3in1 in supporting fatherless youth who need a reason to hope, a reason to believe that the talents they possess can be developed with the right mentorship, support and encouragement, having the resources to gain the education and foundational necessities they need to rise above otherwise insurmountable circumstances. Poverty and lack of encouragement are “dream killers”. Beyond financial and activity support, E3in1 “aspires to inspire” and mentor these children into actualizing their purpose through the realization their passions.
- Your contribution and continued support allows Elevate3in1 to support fatherless youth in desperate need of not only basic-necessities and the opportunity to receive a strong education, but the life-coaching and course-correction to help guide them into the areas of their strengths and greatest talents. Often children raised without fathers lack the self-awareness and confidence to realize and pursue their dreams. At E3in1, we not only supply their most basic needs, but we also link arms with our Community of Support through mentorship, life-coaching and goal-setting, to help recipients overcome their fears and insecurities, those that can hold them back from pursuing their passions and dreams to go out and make a positive impact within society, rather than becoming another statistic.
- You can help E3in1 create “World Changers” through your generous support! Your donations are crucial to our efforts in supporting Fatherless youth, transforming lives and giving hope where hope for a bright future previously didn’t exist. We would love for You to become part of the Elevate Community of Support and thank you in advance for your contribution and encouragement!
